

Parent Guide for SATS:

We know that SATs is just around the corner and we know how hard our lovely Year 6 children are working. We know they naturally will feel pressure but SATs only test our children on Reading, Maths and SPaG. They do not showcase all of their wonderful God given talents, uniqueness or personalities. However, we do want to prepare them so on that week they can feel some calmness and reassurance that they have done this before and they can do it. In addition to our work in class and SATs booster session which we will start to run either before or after school next half-term. We wanted to provide you with some useful tool, resources and guides that your child can access at home independently or you may wish to support them with.

The **school website** (Year 6 class) has a range of interactive websites that the children can use which are all free or they already have logins.

SATS like a Ninja – We use this book/guide in class and it is fantastic. They also have a YouTube channel where they will post weekly videos tackling SATs questions right up to SATs week. (This is a fantastic resources)

<https://youtube.com/@vocabularyninja?si=WCPYzePsEPAqH0dB>

Maths bot- We have used this in class before. This website does have a paid version but the free version is all we use. The children can practise their arithmetic paper on this website. They can also alter the test to just focus on questions that they need and tutorial videos on the website to show you how to get the most out of which is interactive too!

<https://mathsbot.com/primaryMenu>

Key Stage 2 Arithmetic - Compact

Key Stage 2 Arithmetic Paper

SATS-papers- This website is a gold mine! It is free to sign up and contains all the previous SATs papers, with answers and most importantly worked examples. We have used this in class and it has been a game changer! By going through the papers and showing the children “worked examples/solutions” they are able to see how to answer the questions and also reflect where they may have made a mistake or could have used an easier method. I am not suggesting they do all the SATs papers but the worked solutions are a really great tool!

<https://www.sats-papers.co.uk/ks2-sats-papers/>

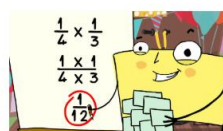

BBC Bitesize- BBC Bitesize is a great all-round resource that we use across subjects and has a great KS2 SATs section with games and breakdown of the test. They also have great resources for reviewing SPaG.

KS2 maths SATs papers - Year 6

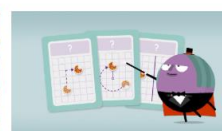

The Key Stage 2 SATs papers will test you on **arithmetic** and **reasoning**.

We've collected together our favourite animations and interactive activities to help you practise and get ready for your SATs tests.

There's also a fun maths game, the ultimate way to prepare for the 2025 SATs. Pick a SATs paper or the maths game to get started.

Arithmetic

Reasoning

Guardians: Defenders of Mathematica - SATs game

My maths- They children have used this for homework in the past and I have added resources right up until SATS with boosters, lessons and activities for them to complete.

TTRockstars – Great timetables practise which is essential for complete the maths papers.

Literacy Crick web- This is an interactive website full of games to explore sentence types, grammar, punctuation and all the essentials for the SPAG test.

<http://www.crickweb.co.uk/ks2literacy.html>

CGP books online – You may have seen this books before and we use them sometimes in class but they also offer 10minute SATS practice tests.

https://www.cgpbooks.co.uk/resources/ks2-sats-online-10-minute-tests?srsId=AfmBOor1jF0UezhVyb19Zaxk_JIP6_uuHApAzMbOpblNcUu4hAan1hVt

Education quizzes- A site with both Maths and English based quizzes which are marked as you go along.

<https://www.educationquizzes.com/ks2/maths/>

These are just a few sites but there are many more on our class page on the school website which are updated regularly. I also post the maths teaching videos on Dojo so keep a look out for those.

Please ask if we can support you in any way.

Miss Howarth and the year 6 team.

**SMALL STEPS
ARE BETTER
THAN NO STEPS**
